3. Project Design Phase: Problem-Solution Fit

Canvas Section	Details
Customer Segment	Students and working individuals who manage a monthly budget; budget-conscious shoppers
Problems / Pains	Overspending, manual expense tracking, no personalised advice, time-consuming product comparison
Triggers to Act	Month-end shortage, unexpected expenses, a big purchase, wanting to start saving
Emotions (Before / After)	Before: stressed, confused. After: in control, confident about money
Available Solutions	Manual notes, spreadsheets, basic expense apps with no personalised recommendations
Our Solution	AI app that tracks expenses, plans budgets, recommends savings and answers questions through a chat assistant
Channels of Behaviour	Online: uses the web app daily, checks reports and alerts. Offline: notes down cash spending to log later
